The **Buffalo Chapter** of the **Open Web Application Security Project** (OWASP) is pleased to announce this

CALL FOR PRESENTATIONS

The Buffalo OWASP Chapter is currently looking for individuals from research, academia and industry to give presentations on various topics related to application security. OWASP is an open community dedicated to enabling organizations to conceive, develop, acquire, operate, and maintain applications that can be trusted. All of the OWASP tools, documents, forums, and chapters are free and open to anyone interested in improving application security. We advocate approaching application security as a people, process, and technology problem because the most effective approaches to application security include improvements in all of these areas. We can be found at www.owasp.org.

Proposed Topics:
Examples of types of talks we are looking for include but are not limited to:
1. Web Application Security
2. Mobile Application Security
3. Software Forensics including but not limited to: Application, Physical memory forensics, solid state disk forensics, network forensics
4. Software topics related to Cyber Crime
5. Cloud Security / Assessing Cloud Security and its software (including virtualization)
6. Reversing Engineering Malware
7. Software Root Kits
8. Legal and privacy issues related to software
9. Any other topic related with application security

Rules for presentations:
1. Presentations should be limited to 45 minutes, including Q & A.
2. Presentations must be vendor-neutral - absolutely no advertising will be allowed
3. Vendors will be allowed to present, but must refrain from delivering a sales pitch
4. The presentations must include facts and objective opinions, but

must not be an attempt to persuade the audience to purchase specific products or services
5. Presentations should include demos and other interactive content to keep the audience engaged

Responding:

Proposals should consist of the following information:

1. Presenter name, email address, phone, city & state.
2. Employer and/or affiliations.
3. Brief biography, including any significant presentation and educational experience/background.
4. Topic synopsis, proposed presentation title, and a one paragraph description
5. A description of the materials that will be made available to the audience (Powerpoint slides, PDF's, etc.)
6. Optionally, any samples of prepared material or outlines ready.

Please send all responses to buffalo.owasp@gmail.com
