5th OWASP BeNeLux-Day 2013

OWASP
The Open Web Application Security Project

10h00 - 10h15 :   **Welcome**

10h15 - 10h30 :   **OWASP update**

10h30 - 11h10 : **Keynote: Inside the mind of the fraudster – Jan Joris Vereijken**

11h10 - 11h30 :   *Morning Break*

11h30 - 12h10 : **Remote code execution in WordPress: an analysis**

12h10 - 12h50 : **Getting a handle on SharePoint security complexity**

12h50 - 13h30 :   *Lunch*

13h30 - 14h10 : **Keynote: Cyber warfare – Dick Berlijn**

14h10 - 14h50 : **Static Analysis and code review; A journey through time**

14h50 - 15h30 : **Everything you always wanted to know about web-based device fingerprinting (but were afraid to ask)**

15h30 - 15h50 :   *Afternoon Break*

16h30 - 17h10 : **Turning your managed Anti-Virus into my botnet**

17h10 - 17h50 : **TraceDroid: A Fast and Complete Android Method Tracer**

17h50 - 18h00 :   **Closing Notes**

OWASP CTF

1.iPad Mini
2.Raspberry PI
3.Raspberry PI
